"I'm more effective in several different ways now. I can sift through large amounts of reading material and focus on the parts that I find important. This includes magazines, nonfiction books and technical reports. When I do the actual reading my rate is much higher with a better understanding of the material."

— *Predrag Mitrovic,*
Microsoft

"I have never before experienced a more powerful and measurable improvement in such a short period of time. The results are sensational considering how quickly and easily I tripled my reading speed with an increase in compre-
