

# Rosalind Gardner's Super Affiliate Handbook

This is the **amazing true story** of how a woman with **NO business experience** became a Super Affiliate earning \$500,000+ (\*) per year selling other people's stuff online .

**IMPORTANT Note: This is NOT a Get-Rich-Quick Scheme!!!**

Dear Aspiring Affiliate Marketer,

Over the years, thousands of 'regular, non-technical folks' (just like you --- and me) have learned how to start and run their own successful affiliate marketing businesses using the methods I teach in the Super Affiliate Handbook (and as an industry expert speaker, magazine columnist and consultant) and YOU can learn them too!

I teach by example - using [my own affiliate sites](#).

From blog installation, to design, content creation and all methods of marketing - I STILL do it all. (Note: Many *other* affiliate training packages use MY affiliate sites as examples without my permission. That's because those so-called 'trainers' *don't have affiliate sites*. They *pretend* to be working affiliates to take your money, but they don't have any *real experience*.)

So, if you're tired of bogus claims and hype and want to learn how affiliate marketing *really* works, keep reading...

*Although I hate the term and don't own a tiara, my colleagues call me the "Queen of Affiliate Marketing". :-) In the industry since 1998, a trade magazine pegs me as the most experienced female affiliate marketer. (Watch [this video](#) to see my affiliate earnings in real-time.)*
