

# Would You Like To Know Why You're Still Not Pregnant, Even Though You've Tried Everything?

If you would, then you're not alone. 11% of couples trying to get pregnant have been trying for a year or longer without success. Like you, they begin to think that getting pregnant is an impossibility, that it's just never going to happen.

Do you know the **saddest** part?

Almost **all** of these couples - you included - could get pregnant. There's absolutely no physical reason why they can't. And this is why it's so sad. They could get pregnant, and yet they never do.

And here's why:

Most Couples That Can't  
Get Pregnant Make Too  
Many Mistakes
