MATHEMATICS IS JUST LIKE MAGIC, BUT WITHOUT THE LIES

Times Tables Tricks, Cheats and Games eBook

The knowledge of times tables is one of major fundamentals for anyone to be able to progress in Mathematics. Research has shown that one of the main reasons why kids struggle with their Maths is the lack of number skills especially the ability to learn and recite their times tables. The ability to recall your times tables quickly and be able to multiply efficiently helps pupils to problem solve and develop mathematical reasoning
