

"If people take the advice (in this report), they should enjoy excellent dental health for an entire life-time." **Dr. Paul Keyes, Professor of Periodontology, Temple University**

BAD BREATH SUFFERERS: If you're desperate to cure your bad breath, but are sick-and-tired of spending your hard-earned money on expensive mouth-washes, breath mints, and other dental products that simply don't work, then read this special report to discover...

How a Simple Formula Has Been Scientifically-Proven By U.S. Government Scientists to Cure Bad Breath In As Little As 3 Days... & Give You Strong Healthy Teeth & A Sparkling White Smile For The Rest of Your Life

Breakthrough discovery reveals how to get rid of bad breath - with a 96% success rate - using common stuff you can buy in any supermarket for \$2... even if everything else has failed!

November 17, 2014 - If you're desperate to cure your bad breath, but are sick-and-tired of spending your hard-earned money on expensive mouth-washes, breath mints, and other dental products that simply don't work, then pay very close attention to the following: 40 years ago, government scientists at the [National Institutes of Health](#) made a simple, but very significant discovery: About 90% of all bad breath cases have a single cause, and, for people in the U.S., a simple combination of natural ingredients can entirely eliminate the problem 96 times over.
