FAQ

To Use Our Ticket System you need to first register as a new customer . To do this click Customer Login button. Then click on signup. Fill out the information on the form then click submit. After this you will receive an email to verify your email address. You will need to click an activation link then choose a password you would like for your account. Afterwards you can open a support ticket which will then be sent to our staff for review. You can also use our support ticket system directly on our site with out having to log in to save you time. Just go to any page where you see the Help and Support Form on requestor enter your name it will show up once your a customer of ours then open a ticket with a brief message stating your concern and this will be forwarded to our support staff. Thanks
