

# Alternative Energy Source

[More Details](#)

The screenshot shows a website page with a yellow background. At the top, there is a banner with the text "Electricity - Make it, Don't Buy it" and a small illustration of a house. Below the banner, there is a navigation menu on the left with icons for Home, FAQs, Testimonials, Affiliate Pgm., Free biodiesel book, All Energy Newsletters, Contact Us, Buy Now, and Privacy Policy. The main content area features a heading "Looking for a Green Source for Alternative Energy?...." followed by a paragraph about a backup or full-time source of cheap electricity. Below this, there is a section titled "From: Bill Anderson Network 6000, Inc." and a "Dear Friend:" salutation. The text discusses the possibility of power outages and high gasoline prices, and offers a book as a solution. A red button with white text "Click Link Below" and arrows is positioned over the text. On the right side, there is a small text box that says "If you like this page, tell everybody by clicking the button..." and a link to "Bill's Google profile..." with a "Find us on Google" button.
