**A Simple and Effective Way To Deliver Your  
 Email Campaign To Over 96 Million Recipients  
 Per Month. That's Over 3.1 Million Targeted  
 Recipients Daily.**

**Safe Mail Services is the leader in email marketing for small businesses.** Our web based server allows members to blast over 3 Million emails per day. All recipients are double opt-in making us 100% SPAM law compliant. Our recipient database is filled with prospects who have asked to be included in our safe-list, so you know your ad will reach real customers.

All blasts go out from our own email server which members access through login from this website. You will not be taken to a 3rd party service like many of our competitors. And since all blasts are done by our server your ISP will have no idea you are even using an email service.

Are you tired of promoting your product with no results? How would you like to reach 96 million recipients where you can track results daily, weekly, monthly, quarterly, and yearly.

**Cara Stanford**  
 "Your new software is awesome! I cant believe how easy it is to use and how effective my campaigns are. I make sales every time I send and I plan on recommending you to everyone."

**Mark Stuckchera**  
 "SafeMailServices provides top-notch professional support along with a great product. Unlike those other companies they answered my questions and provided ideas which really made a difference!"

**Stacy Ackley**  
 "I really like your service I can tell that you guys are a real business and that you value your customers and what your customers needs are and that is really important to me and all the other people that deal with you. Great job guys."
